

Welcome Dr. Angel Thompson and Dr. Ben Bayer

Dr. Angel Thompson

Dr. Ben Bayer

We are proud to welcome Dr. Angel Thompson and Dr. Ben Bayer back to the DVSC! Both of our new surgeons are native North Texans and graduates of TAMU College of Veterinary Medicine. They each completed surgical internships at the DVSC followed by surgical residencies at Iowa State University. Dr. Thompson particularly enjoys reconstructive surgeries and wound management. Dr. Bayer is especially interested in portosystemic shunts, cranial cruciate ligament disease, and intervertebral disc disease.
